## METHODOLOGY

### Sample

- Conducted nationally among 1200 respondents aged 18 years and over.
- Respondents were selected by means of a stratified random sample process which included:
  - a quota set for each capital city and non-capital city area. Within each of these areas a quota set for each telephone area code;
  - random selection of household telephone numbers drawn from current telephone listings for each area code;
  - random selection of an individual in each household by a "last birthday" screening question.

### Interviewing

- Conducted by telephone over the period of 3-5 February 2006 by fully trained and personally briefed interviewers.
- To ensure the sample included those people who tend to spend a lot of time away from home, a system of call backs and appointments was incorporated.

### Weighting

- To reflect the population distribution, results were post-weighted to Australian Bureau of Statistics data on age, highest level of schooling completed, sex and area.

## NEWSPOLL TERMS AND CONDITIONS

### A) Professional behaviour and Privacy

NEWSPOLL adheres to the Code of Professional Behaviour of the Market Research Society of Australia and the Market and Social Research Privacy Principles. The Code of Professional Behaviour includes the following key requirements:

#### 1. Confidentiality

Clients' identities will not be revealed to respondents nor to any third party without the client's consent or unless Newspoll becomes legally obliged to do so. Respondents' identities will not be revealed to clients without the respondent's consent and only in cases where the information is to be used for research purposes and the intended use has been explained to respondents.

#### 2. Ownership of information

Results to a research study commissioned by a client become the property of the client. Results to syndicated studies remain the property of NEWSPOLL.

All research proposals, research designs, questionnaires and processing techniques, including systems of weighting, remain the property of NEWSPOLL. All computer table reports provided by NEWSPOLL identify the variables used in the weighting process. Further details, if required, are available at an additional cost. Photocopies of individual questionnaires or a copy of the database, **excluding** respondents' identities, may be made available to a client at the client's expense.

#### 3. Publication of results

Clients choosing to release the findings of a NEWSPOLL survey must ensure that the results are represented in an objective and non-misleading fashion.

NEWSPOLL advises that at all times questions must be objective and not intentionally misleading or attempting to elicit a desired response. NEWSPOLL must be consulted and agree in advance on the form and content of any intended release. NEWSPOLL must be provided with a copy of the proposed release and given 48 hours for its review. Up to two executive hours will be made available for this review process. Additional reviewing time, if required, will be charged at an hourly rate. NEWSPOLL is obliged to take action to correct any misleading statements about the research or its findings. **The NEWSPOLL name may be used only in cases where these conditions have been satisfied.**

### B) Conditions of agreement between NEWSPOLL and clients

#### 1. Reporting

Standard reporting format is a computer table report consisting of analysis of each client question by up to two standard panels of demographic discriminators. Reports are available in either hard copy (A4 sized, two copies) or electronic (PDF) format. Extra or non-standard analysis and optional reporting formats are available at additional cost and may require longer reporting time.

#### 2. Costs and confirmation of costs

Costs for a study can be confirmed only after agreement on questionnaire outline or on sighting a draft client questionnaire. Changes to agreed research specifications and/or questionnaire will result in a cost revision. Unless otherwise specified, all quoted costs refer to Australian dollars and reflect current year's rates, effective for the January - December period. Costs are quoted exclusive of GST. For Australian clients, GST will be shown separately on a tax invoice and must be paid for by the client.

#### 3. Omnibus bookings, approvals and late changes

Space on NEWSPOLL's omnibuses is strictly limited to ensure high quality response. Early bookings, at least a week prior to fieldwork, are recommended and clients are advised to finalise and approve questionnaires as early as possible. Final approval of a questionnaire refers to approval, after all agreed changes, to a questionnaire developed or formatted by Newpoll and submitted to a client for review.

Questionnaires approved, or bookings made, after the following deadlines are subject to late surcharges as shown:

	Final Questionnaire Approval Deadline	Late approvals or changes

Late provision or changes to visuals <b>may</b> be accommodated up to 1:00pm Wed, subject to late charge of \$600 + GST per visual.	

#### 4. Cancellation or postponement charges

NEWSPOLL reserves the right to charge up to full quoted study cost where a confirmed booking is made and the study is subsequently cancelled or postponed within three working days prior to the commencement of fieldwork or after fieldwork has begun. Studies cancelled or postponed earlier than this are subject to a minimum 10 percent charge if questionnaire development has begun.

#### 5. Invoicing and payment terms

Omnibus studies are invoiced in full at the time of provision of results or for multi-round studies 50 percent will be invoiced at the commencement of the study and 50 percent on provision of results. Custom studies are invoiced 50 percent upon commissioning and 50 percent upon provision of results.

Full payment of invoices is requested within seven days of invoice date. Newpoll reserves the right to impose a late payment surcharge of up to \$1,000 per month for invoices unpaid after 30 days. NEWSPOLL also reserves the right to delay the commencement of any study if there are overdue invoices from previous studies. Repeated late payment of invoices will result in the need for payment in full prior to the commencement of future studies.
